

JOB FAIR: ADDRESSING WORKFORCE NEEDS

Launched in 2024, the **MWCN Job Fair** addresses the workforce needs in Haut-Saint-Laurent, Beauharnois–Salaberry–Valleyfield, and Les Jardins-de-Napierville.

Commitment to Employment Services

Building on this success, MWCN continues to provide equitable, client-focused, locally driven, and culturally relevant employment services, reducing the need to travel to Montréal.

Collaborative Initiatives

By collaborating with community organizations, employers, and stakeholders, these initiatives enhance accessibility, responsiveness, and regional capacity. They ensure fair access to the tools, guidance, and opportunities individuals need to thrive.

Regional Impact

Together, these efforts promote workforce integration, foster collaboration, and cultivate inclusive, vibrant communities throughout the region.

EMPLOYMENT SUPPORT FOR RURAL & MINORITY COMMUNITIES

Many rural and minority-language communities continue to encounter obstacles in accessing employment support that is linguistically adapted. Typically, these services are concentrated in urban centers and primarily provided in French, which restricts equitable access to guidance, training, and job placement for English speakers and other minority groups.

MWCN is committed to bridging this gap by offering local, community-driven services that build confidence, enhance skills, and connect residents with meaningful job opportunities in their vicinity.

Navigating the job market can often resemble a complicated maze. We are here to support you at every step of the journey.

Contact us today—together, we can work towards a brighter and more prosperous future!

FOSTERING WORKFORCE SUCCESS

*Fostering a Positive Impact on
Career Paths for Rural and
Minority-Language Individuals
in Quebec*

ENHANCE YOUR FRENCH SKILLS WITH OUR MENTORSHIP PROGRAM

The Circonflexe Mentorship program connects English speakers with mentors who are proficient in French across various fields, aiming to boost their confidence and fluency in the language. Through consistent, practical conversations and expert guidance, mentees will cultivate the language skills and cultural knowledge essential for success in Québec's job market.

Why Join?

Achieving fluency in French can help you advance in your current profession or open doors to new career possibilities, **giving you a competitive advantage in the Québec labour market.** Whether your goal is to enter academia, public service, or the private sector, this program provides valuable language practice that seamlessly integrates academic learning with real-life application.

MWCN

DELIVERING TAILORED AND ADDITIONAL SUPPORT SERVICES

Our Commitment

At MWCN, we are dedicated to offering steadfast support and guidance to empower every individual to flourish and succeed along their chosen path.

Our Mission

Our aim is to improve the experience and success of English-speaking individuals seeking employment through local services by delivering customized assistance, which includes:

- **Support with Forms :** Assisting in the completion of employment service requests directed to either Services Québec or a regional employment service provider.
- **Interpreter Services:** Acting as an interpreter during telephone, virtual, or face-to-face appointments with an employment service.
- **Translation Services :** Translating documents related to job searches from English to French, such as résumés, cover letters, thank-you letters, job application forms, letters of recommendation, and letters confirming previous employment.

ENHANCING JOB SUPPORT FOR ENGLISH SPEAKERS THROUGH PARTNERSHIPS

By collaborating with regional employment services, we can create a more accessible support system for English speakers seeking employment. These partnerships will facilitate efficient referrals to various services, making the job search process smoother and more effective.

Networking Opportunities

Working together with these organizations allows us to provide a network of resources for individuals looking to enter or re-enter the workforce.

Community Impact

This collective effort will not only support job seekers but also promote overall economic growth and prosperity within our community.
